## Important Words

Some words can be used to talk about the past.  
Some words can be used to talk about the present.

*In the bubbles  
write words  
that you can  
use to talk  
about the past.*

*In the stones  
write words that  
you can use to  
talk about  
the present.*

There are some events that happen once a year,  
such as birthdays and some celebrations like Australia Day.  
If something happens once a year it happens annually.

- ☐ In the balloons below write or draw some events or celebrations that only happen once a year.

Sample

Think about the event that you most look forward to each year. Colour this balloon. Discuss with your class why it is special to you.

☐ In the circles, number the pictures in the order that you think they were invented.

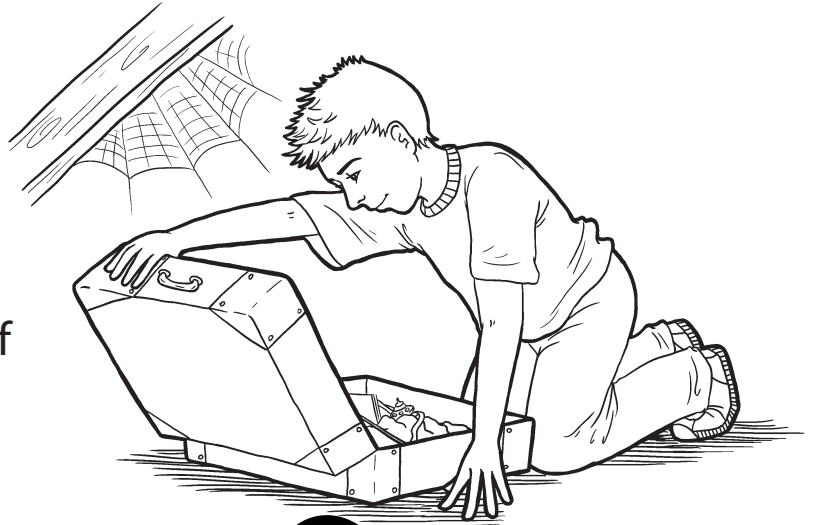

Sometimes we can find parts of the past in our homes.

What might these items tell us about the owner of the suitcase's daily life?
